WAKE UP WORLD!

1. There's a world spinning round in space.
   It's a world where we each have our place.
   It's a world where we trace the handiwork of God.
   Sun, moon and planets; stars shot into space.
   It's a wonderful world, a wonderful world.
   It's the one and only world for you and me.

   CHORUS
   Wake up world! (Wake up world!)
   Wake up world! (Wake up world!)
   We're on our way! x3 YEAH!
   Let's care for our world, let's rescue our world.
   Keep it green! Keep it clean!
   Let's recycle and reduce, let's renew and reuse.
   Keep it green! Keep it clean!

   It's the one and only world for you and me.
